BRISBANE CANCER CONFERENCE

26 – 27 November 2026
Brisbane Convention and Exhibition Centre

Dear Colleagues,

Welcome to the 13th Brisbane Cancer Conference. This meeting is an opportunity to draw together cancer care researchers in Brisbane and Queensland, Northern New South Wales and Northern Territories to advance collaborative efforts in cancer treatment and research.

The meeting comprises plenary lectures and workshops on recent scientific, technological, nursing, and medical advances in the diagnosis and treatment of malignant disease.

On Thursday 26th November, the meeting will start 8.00am with Breast, Lung and Prostate Cancer, Survivorship, and Immunotherapy symposia running from 8 – 12pm in the morning. The symposia will be followed by satellite/cutting edge research symposia and plenary lectures. Subsequently there will be workshops from 4:30 – 6:30pm.

The symposium Gala dinner will be held on Thursday evening offering the opportunity to network with colleagues from other institutions and patient advocates and consumers.

The all-day session on Friday 27th November will include plenary lectures followed by tumour-site specific workshops in the morning and afternoon. A key session will be lectures by Queensland oncology researchers that have contributed to global advances in our understanding of the epidemiology, molecular biology, and treatment of malignant disease.

Approximately 1,500 delegates attended the event last year demonstrating the value of a truly multi-disciplinary annual Translational Cancer Conference in Brisbane.

This conference is made possible through the support of the PA Research Foundation, Cancer Council Queensland, our sponsors, the time and effort of the chairs who put the workshops together and the QUT Cancer and Ageing Research Program (CARP) teams.

Best wishes for what should be an enjoyable and fulfilling two days.

Yours sincerely,

Professor Ken O'Byrne

Your Host For BCC 2026

Professor Kenneth O'Byrne is a Medical Oncologist and Clinical Scientist working at the Princess Alexandra Hospital (PAH) and Queensland University of Technology (QUT) Translational Research Institute (TRI) laboratories on the PAH campus.

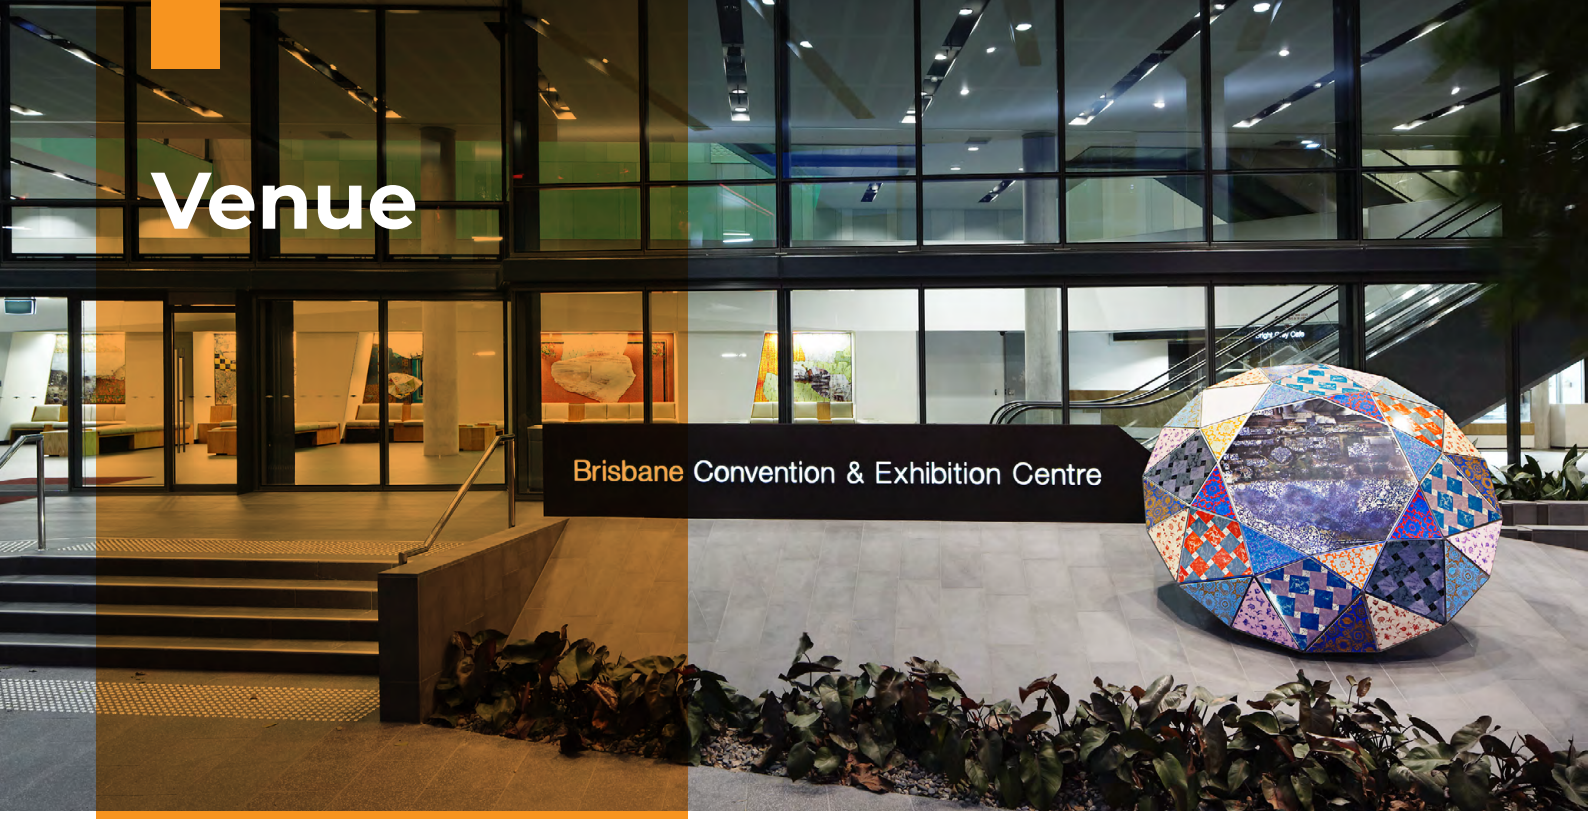

He is president of the British Thoracic Oncology Group (BTOG), a board member of the European thoracic oncology platform (ETOP), a member of the ESMO chest tumours faculty and is involved in the International Association for the Study of Lung Cancer (IASLC) and Thoracic Alliance for Cancer Trials (TACT). In Australia, he is a member of Australian Lung cancer Trials Group (ALTG), Medical Oncology Group of Australasia (MOGA) and Australian Genomics Health Alliance (AGHA).

Professor O'Byrne has been involved in over 250 Clinical Trials in his career including designing investigator initiated, grant-funded Phase II and III studies.

He has established collaborative studies and networks for biomarker detection and validation and has been involved in biomarker driven clinical trials including the LUX-Lung (Boehringer-Ingelheim), checkpoint immunotherapy (BMS, MSD) and the ETOP programs. He is clinical lead for the 'Cancer and Ageing Research Program' at PAH-QUT-TRI, his research including biomarker identification in solid and liquid biopsies, and drug resistance linked to cancer 'stemness' and genomic instability.

He has published over 450 peer-reviewed manuscripts and has patented novel anti-cancer therapeutics and predictive biomarker tests in Australia and Ireland. He and his collaborators have successfully applied for NHMRC, CCA, CCQ, Prostate Cancer Foundation of Australia (PCFA) and "Movember" grants in Australia.

Sponsored Satellite Meeting

45 minutes

Timings of the symposia are coordinated with the conference organisers, based upon the number of companies presenting or supporting presentations at the meeting. Satellite meeting sponsors must consider that there is only a short break in between each sponsored satellite meeting for change of furniture on stage, filming or use of voting pads. Sponsors must notify the BCC Secretariat before 30th October 2026 if change of furniture or use of voting pads required or any other special instructions. Filming of satellite meetings is permitted – confirmation of this must be notified to the BCC as above including contact details to allow for equipment set-up. The provision of film equipment/crew is at the cost of the sponsor. Sponsors must state at the opening of their meeting that they are filming the session and the purpose of the filming so that the audience is fully informed. Platinum sponsors will be acknowledged as providing the Thursday lunch without additional cost to the sponsor.

Advertising the meeting:
Each satellite meeting will have an agenda in the digital programme – this must be provided to BCC by 30th October 2026. Platinum sponsors can place 1 standard pull-up stand advertising the symposium in the conference area (provided by sponsor) – this can be put up on Thursday from 11.00 and please remove after the satellite meeting has occurred.

Meeting Set-up:
All AV/conference equipment including data projector, laptop, comfort screen, chair and lectern microphones, pointers, additional microphones, staging, screens and full technical support are available. Microphones for Q&A are set up in the aisles on stands – BCC does not provide staff to pass roving microphones to audience at Q&A.

Satellite Meeting Programme:
All satellite meeting programmes must be approved by the BCC Organizing Committee and therefore the full programme and details of chair/speakers must be submitted by 30th October 2026. BCC rules dictate that a speaker/chair cannot participate in more than one satellite symposium at BCC 2026. Sponsors are asked to inform chair/speakers of this rule on the invitations to participate. Each sponsor is responsible for the registration of its own satellite meeting chair/speakers to BCC 2026 which remains free of charge apart from the conference gala dinner on Thursday evening.

Link to an Educational Website or Portal:
This should be for health care professionals for inclusion on the BCC website - the link will be subject to BCC steering committee approval.

Sponsored Satellite Meeting – Attendees, Scanners and Attendee Report:
BCC does not guarantee the number of attendees at sponsored satellite meetings. However, BCC will assist where it can to highlight/publicise satellite meeting times etc., e.g. by including details on BCC e-circulations (no cost).

Timings for satellite meetings and Platinum exhibition space positions will be allocated on a first-come reserved basis. Please send confirmation of Platinum sponsorship to dianematthewsobyrne@gmail.com and k.obyrne@qut.edu.au

Summary

The Brisbane Cancer Conference, Queensland now plays a central role in research and education.

Reinforcing and establishing new relationships between researchers in Brisbane and Queensland and is unanimously now felt to be an important annual event in the Queensland conference calendar.

Last year BCC attracted a bumper attendance of delegates from a wide range of health professionals reflecting the previously unmet need for education and integration of research efforts for cancer researchers in Brisbane and Queensland.

Approximately 1,000 faculty and delegates; including medical, radiation and surgical oncologists, pathologists, palliative care physicians, nurses, pharmacists, allied healthcare, and industry professionals enjoyed the educational and net-working benefits of the conference.

The meeting presented 'state-of-the-art' cancer treatment and research lectures from local experts and conducted research workshops. The conference also showcased our internationally recognised research from globally recognised key opinion leaders carrying out their work in Brisbane. This year we are hosting Breast, Lung, Prostate, Survivorship, and Immune-oncology symposia prior to the formal commencement of the Brisbane cancer conference itself.

With continued support, sponsorship, and collaboration from our partners in industry, education, and research, I am certain this event will go from strength to strength.

Comments from Previous BCC Attendees

Superb mix of speakers and topics.

Excellent, well organised conference. Excellent discussion on topical areas surrounding cancer research. Sessions ran to time and discussion encouraged.

The conference enhanced my research knowledge and made me aware of facilities in Brisbane I didn't know existed.

Wonderful conference. I thoroughly enjoyed all the sessions, with a fantastic mix of topics ranging from basic science to surgery. The question-and-answer part of the talks were also very informative and useful.

This is the largest local cancer conference ever held in Queensland. Long may it continue.

Fantastic multi-disciplinary meeting, great for networking.

The pre-conference symposia were excellent – real added value to the meeting!

Integration of electronic patient record and artificial intelligence a great finishing session

I really enjoyed the buzz and discussions in between the sessions over coffee and lunch.

Great opportunity to re connect with other researchers.

The conference dinner is now permanently in my social diary, such a great, fun night.

The conference was excellent but might benefit from being held earlier in the year.
